Education

Old Dominion University — Norfolk, VA

Master of Science in Computer Science | GPA: 3.61 / 4.00

December 2025

- Coursework: Algorithms & Data Structures, Computer Graphics, Data Visualization, Computer & Network Security, Cloud Computing Architecture, Data Science & Analytics, Bioinformatics, Trustworthy Health Analytics

Old Dominion University — Norfolk, VA

Bachelor of Science in Computer Science | GPA: 3.21 / 4.00

May 2024

- Coursework: Software Engineering, Operating Systems, Data Structures, Computer Architecture, Networks & Communications, Cybersecurity Fundamentals, Web Science

Technical Skills

Programming Languages: Python, Java, C++, JavaScript, SQL, HTML, CSS. **Frameworks & Tools:** Git/GitHub, Linux/Unix, WebGL, Vega-Lite, Observable, Microsoft Office. **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Data Analysis & Visualization, Computer Graphics, Security Fundamentals, Cloud & Distributed Systems. **Other Skills:** Technical Writing, Debugging, Collaboration, Time Management, Research & Documentation

Experience

Assistant Store Manager

True Religion

Jun 2026 - Current

- Support the Store Manager in driving KPIs, sales, payroll, conversion, and shrink while maintaining operational and visual standards.
- Provide ongoing training, coaching, and feedback to support performance, engagement and growth.
- Use sound judgment to address challenges, resolve issues in real time, and support loss prevention and safety practices.

Sales Associate

True Religion

Sept 2025 - Jun 2026

- Greet and engage every customer, build genuine connections, and provide knowledgeable, brand-right service.
- Accurately operate POS systems, process transactions, and support inventory accuracy.

Teacher's Assistant

Old Dominion University — Remote

Aug 2024 – Aug 2025

- Supported graduate and undergraduate computer science courses through student mentoring, grading, and academic support
- Hosted independent office hours to assist with programming concepts, debugging, and assignments
- Collaborated with professors to develop lesson plans and assessment strategies

Office Administrative Specialist

Old Dominion University — Virginia Beach, VA

Aug 2023 – May 2024

- Coordinated and proctored student testing sessions
- Served as a primary communication point for transfer, off-campus, and new students
- Managed records and scheduling using Microsoft Office tools

NASA@My Library Intern

NASA — Remote

Aug 2021 – Aug 2022

- Coordinated a research-focused group project in compliance with NASA internship guidelines
- Designed and delivered nationwide science and space-focused programming for libraries
- Strengthened research, technical communication, and collaboration skills

Selected Projects

FlixPick — Full-Stack Web Application

Senior Capstone Project

- Developed a web platform aggregating movies across user-owned streaming services
- Designed to reduce decision fatigue by improving content discovery
- Contributed to front-end design, system architecture, and usability planning
- Tools: JavaScript, HTML, CSS, Git

3-Dimensional Protein Secondary Structure Alignment

Graduate Bioinformatics Project

- Implemented and analyzed algorithmic methods for aligning protein structures
- Produced a complete report detailing computational approaches and results
- Tools: Python, PDB data, algorithmic modeling

University Admissions Data Analysis

Data Science Project

- Collected and analyzed admissions data, including GPA, test scores, and acceptance rates
- Compared trends between Ivy League and non-Ivy institutions
- Applied data processing, visualization and statistical analysis techniques
